Distribution of Property Taxes

Property Taxes are distributed in the following proportions:

Property Class	Percentage	Value

Objective

To maintain an acceptable level of taxation in comparison to other municipalities of similar size and assessment base.

Policy

Current practice sees tax revenue set based on need to operate and purchase capital net of other sources.

The 2024 tax levy was based on a combination of operating needs and a rate review with surrounding communities.

Property Tax Class rates are compared to other similar municipalities to ensure they are within reason.

Council will generally consider the overall tax burden of representative properties in comparison to previous years.

Permissive Tax Exemptions

Policy

The District of Fort St. James issues permissive tax exemptions for church, recreational and private school properties on an annual basis.

Council may adopt Revitalization Tax Exemption program bylaws for the purpose of stimulating economic development.
