

Discover the Most Fun in Town

SUMMER SOLSTICE ART
JULY 13-17

Explore your inner artist as we try different art forms using materials from the natural world. We will provide each individual with the opportunity for creative expression, encouraging them to think innovatively.

SCIENCE OF ELECTRICITY
JULY 27 - 31

Where does electricity come from, how do we use it, what does it do? Through games, experiments and creative STEM activities we will explore electricity.

POTTERY AUG 10 - 14

Pottery studio is open - playing with different mediums we will create, bowls, statues, plaques and whatever your imagination can create. We will be working out of Pope Mountain Arts Pottery Studio with a field trip to other pottery studios.

PALEONTOLOGY - DINOSAURS
JULY 20-24

Explore the world of a paleontologist through games, art, and outdoor activities. Discover how fossils are made, go on a dinosaur dig. A trip to Exploration Place in Prince George is included.

WORLD FOOD CAMP
AUG 4 - 7

Through cooking, baking and tasting our treats, along with games, art and activities we will learn and explore different areas of the world. North and South America, Asia and more.

INTO THE WILD
AUG 17-21

We will learn about our local plants and wildlife. Through outings and art we'll encourage a connection between the campers and nature, getting them familiar with their local ecosystem.
